

**Dear SOARR Applicant,**

Thank you for your interest in the Society of Addiction Recovery Residences (SOARR). We endorse the concept of sober living and the establishment of Recovery Residences along with CCAPP (California Consortium of Addiction Programs and Professionals) and NARR (National Association for Recovery Residences). It has been our collective experience that a majority of the persons leaving Recovery Programs (treatment) do not have access to affordable sober living accommodations. We have also learned through our experiences that the longer a person is exposed to and part of a sober community; the better his or her chances are for long time recovery.

Unfortunately, not all facilities holding themselves out to be Sober Living Homes consider the comfort and welfare of the Resident as the most important ingredient. CCAPP and NARR have developed minimum standards for Recovery Residences. Standards that SOARR embraces are the first step in asking the industry to regulate itself. The second step is to establish a process whereby homes can be recognized by their peers for meeting the minimum standards.

CCAPP has established a registration process, a bonus for SOARR Members, for homes meeting the Sober Living Standards. It is not a certification or accreditation, but rather an acknowledgement that a facility states that it meets the SLE Standards, declares that it will continue to abide by the Standards, and is visited on an annual basis by peers who witness the environment and recognize that the program meets the minimum Standards. The name of the program is then placed on the SOARR website and the CCAPP official Registry, and the program receives a certificate(s).

Please complete and submit the attached application. You will be notified of your review date directly from CCAPP.

**Welcome to the Society of Addiction Recovery Residences!! We'll SOARR...**
